## Field Trip For Back Pack Donations

The humble backpack, a common everyday item but one that shouldn't be underestimated.

For a group of students you'll not only be providing a moment of excitement as you hand them their new back pack, you'll also be making their ability to obtain an education a little bit easier.

We endeavour to support the local economy by buying from local suppliers, plus it saves the additional transportation expense of bringing them to Cambodia. The cost of each back pack is between \$3-\$7, dependant on its size. Which size we need to buy is dependant on which class is most in need of backpacks at the time.

### Logisitics:

- Leave Siem Reap accompanied by PLF staff at 10am to head to the school
- \*At 11am interact with the students in some kind of activity for 45 mins. This could be playing a game or doing some sort of arts - its up to what you'd like to do
- Distribute backpacks to 1st group of students
- \*At 12pm you'll have a new class of students and repeat the process
- Distribute backpacks to 2nd group of students
- Return to Siem Reap around 2pm

\* *activities with students is optional*

**Cost: \$245**  
(inlcudes transport and backpacks for  
approx. 40 students)
